### My family vacation in Vietnam

A: Have you ever travelled with your family?

B: Yes, I've travelled to Vietnam with my family when I was in middle school.

A: That sounds great. Which city have you been to in Vietnam?

B: I've been to Ho Chi Minh City and DaNang City.

A: What did you do there?

B: In HoChiMinh City, I did some sightseeing. There are a lot of colorful buildings there. And they have a long history. In DaNang City, I went to some beaches. In the morning, many locals do morning exercises and run on the sandy beach. The water there is fresh and the sand is soft.

A: That's great. Did you try some local food?

B: I tried some Vietnamese Pho. The Pho tasted sweet and it was so yummy.

A: I heard the weather in Vietnam is very hot.

B: That's right. But I still enjoyed my trip.

A: Oh! I want to travel there too.
