

Friendships and Relationships

ESLDO - Unit 2

QUALITY.

A quality is a distinctive attribute or characteristic possessed by someone or something.

When looking for a friend/partner, it is important that they have the qualities that you desire so your friendship/relationship can be successful.

What are some qualities that you would like to see in a friend or partner?

Here are some examples of positive qualities:

- Friendly
- Honest
- Hard-Working
- Funny
- Patient
- Trustworthy
- Motivated
- Kind

What are some qualities that you would not want to see in a friend or partner?

Here are some examples of negative qualities:

- Dishonest
- Rude to others
- Belittling
- Impatient
- Untrustworthy
- Messy
- Aggressive
