

## MIDTERM DRAMA PROJECT

### INSTRUCTIONS:

In groups (4 or 5 people), you will write your own pantomimes based on one of the scenarios below (if you have your own idea, you must get it approved by me).

Your pantomime is to be 3-5 minutes in length and must have **music in the background**. You must know exactly *what* you will be doing, *how*, *why*, and *where*. You must rehearse a minimum of 5 times (at least!!)

Choose **one** of the following scenarios as a starting point for your scene:

1. A first grade class at the zoo (include students, teachers, animals)
2. Two teams are playing a game. It's the final minutes of the game (coaches, athletes, fans)
3. A chef is busy at a new restaurant trying to deal with customers
4. Many people are applying and interviewing for the same job, but only one will be chosen.
5. You're playing a board game (two VS two) and one team is losing and getting angry
