“My Ted Talks”

Instructions: Prepare a presentation to be delivered in class, on the following topic: **“I will change the world.”**

Brainstorm your ideas about your gifts and talents and the issues that concern you. Then think about your life in 10 - 15 years. How can you use your skills and passions to impact the issues that you have

identified? Think of some specific ways in which you can personally make a difference in your community and the wider world.

Your presentation should include the following information:

- A description of the issue to be tackled
- An explanation of why this issue is important
- A proposed solution to the issue
- Specific details about how YOU will deal with this issue
- A description of the skills you currently possess that will enable you to do these things
- Steps that you will need to take BEFORE you can take action

Other Requirements

- Minimum 5 minutes - Maximum 8 minutes
- PPT or other visual aids
- Minimum 5 relevant images

Please note: The “issue” does not need to be a social one. You may consider ANY way to make a difference. However, you must speak about yourself as the person making the difference.
